VOL. XXVI.

NOVEMBER 10, 1911.

No. 45.

THE CHOLERA SITUATION.

Reports received by the bureau show no material change in the cholera situation during the past week.

UNITED STATES.

CASE OF LEPROSY AT ST. LOUIS, MO.

Dr. Max C. Starkloff, health commissioner of the city of St. Louis, has reported the occurrence of a case of leprosy in that city. The patient, a male, 37 years of age, was born in California. His parents died of tuberculosis, one in 1883 and the other in 1884. After the death of his parents he lived with relatives in New York City up to the age of 19 years. He then lived in Maryland, Pennsylvania, and other Eastern States, working as a laborer. In 1901 he enlisted in the United States Navy. While in the Navy he spent several months in the West Indies. He returned to Brooklyn, N. Y., in 1902, and first noticed that he was not well in 1903. In 1904 an ulceration, which has persisted ever since with the exception of a few months, appeared on the left foot. Hypertrophy of the face appeared in 1909. Patient went from Pittsburgh to St. Louis in April, 1911, and on June 2 examinations made by the city bacteriologist showed the presence of lepra bacilli in material taken from the ulceration on the foot and from the nose. On June 4 the patient was placed in the quarantine hospital, from which he escaped on June 5, since which time his whereabouts have been unknown.

MUNICIPAL ORDINANCES, RULES, AND REGULATIONS PERTAINING TO PUBLIC HYGIENE.

[Adopted since Jan. 1, 1910.]

LOS ANGELES, CAL.

MILK AND MILK PRODUCTS—PRODUCTION, CARE, AND SALE.

SECTION 1. It shall be unlawful for any person, firm, or corporation to bring or receive, or to cause or permit to be brought or received, into the city of Los Angeles, for sale, or to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange

or delivery, or to have in possession for sale, exchange or delivery therein, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, without first applying for and receiving a permit from the board of health of the city of Los Angeles so to do in the manner hereinafter provided: *Provided, however,* That the provisions of this section shall not apply to condensed or evaporated milk, or condensed or evaporated skimmed milk that is sterilized and contained in hermetically sealed packages, labeled with the name of the article and with the name of the person, firm, or corporation by whom the same is prepared.

SEC. 2. Every applicant for any such permit shall file with the said board of health a written application which shall set forth the name and address of the applicant, the number of cows owned by such applicant, if any, the name and address of any and all persons, firms, or corporations from whom he is purchasing or obtaining, or from whom he is intending to purchase or obtain milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, and the number of gallons of each thereof sold by him daily as nearly as he can estimate the same. Such application shall also contain a description of the property by street and number wherein or whereon the applicant conducts or proposes to conduct his place of business, and if the same has no street number, then such description as will enable the same easily to be found.

If such permit be granted, it shall be the duty of the holder thereof to give written notice to the said board of health, stating the name and address of any person, firm, or corporation from whom he obtains his supply of milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, within 24 hours after beginning to obtain any such milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk from any such person, firm, or corporation other than those named in his application; provided, however, that if such holder of a permit intends to obtain any such milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, from any person, firm, or corporation to whom a permit shall not have been granted by the board of health pursuant to the provisions of this ordinance, then written notice of such intention shall be given to the board of health at least five days before beginning to obtain such milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk from such person, firm, or corporation.

If such permit be granted, it shall be the duty of the person, firm, or corporation to whom the same is granted to secure the same from the office of the board of health within 30 days after the date on which the same is granted by the said board; and it shall also be the duty of such person, firm, or corporation to post such permit and to keep the same posted at all times in a conspicuous place in the milk house of such person, firm, or corporation, or in the room or place in which milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk is kept for sale.

It shall be unlawful for any person, firm, or corporation to fail, refuse, or neglect to comply with any of the provisions of this section.

SEC. 3. If it shall appear to the said board of health upon considering such application that the statements therein made are true, and that the applicant does not propose selling or offering for sale any adulterated milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, or any thereof, that does not conform to the standard as hereinafter defined and prescribed, and that the dairies, cows, cow stables, houses, vessels, and vehicles from which such milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk is sold or offered for sale, or is supplied for the purpose of being sold, conform to the provisions of this ordinance and to the rules of the board of health, it shall be the duty of the said board of health to issue, without cost to such applicant, a permit to bring and receive into the said city for sale, and therein to sell or offer for sale, milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk: *Provided, however,* That such permit shall be granted only on the express condition that the same shall be subject to suspension for a period not exceeding six months by the said board of health, in its discretion, upon proof to the satisfaction of said board of a violation by the holder thereof, or his servant, employee, or agent, of any of the provisions of this ordinance or of any rule of the board of health relating to the inspection and sanitary condition of dairies, or upon proof of violation by such holder of any law of the State of California, providing against the adulteration

of milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk.

No such permit shall be suspended until after a hearing shall have been had by the board of health, notice of which hearing shall be given in writing and served at least three days prior to the date of hearing upon the holder of such permit or upon his or its manager or agent. Such notice shall state the ground of complaint against the holder of such permit and shall also state the time when and place where such hearing will be had. Such notice shall be served upon the holder of such permit by delivering the same to such person, firm, or corporation, or to his or its manager or agent, or to any person of suitable age and discretion in charge of or employed in the place of business of such person, firm, or corporation; or if such person has no place of business, then at his place of residence; or by leaving such notice at the place of residence of such person with some person of suitable age and discretion. If the holder of such permit can not be found and service of such notice can not be made upon him or it in the manner herein provided, then a copy of such notice shall be mailed, postage fully prepaid, addressed to such holder of such permit at such place of business or residence at least three days prior to the date of such hearing: *Provided, however,* That the health officer shall have power, and he is hereby authorized, to suspend any such permit at any time when he shall ascertain that any provision of this ordinance or any such rule of the board of health is being violated by the holder of such permit, or his servant, employee, or agent, and such suspension shall be effective until the next meeting of the board of health after the date of such suspension.

If any such permit shall be suspended by the board of health or by the health officer, it shall be unlawful during the period of such suspension for the holder of such permit to bring or receive, or to cause or permit to be brought or received, into the city of Los Angeles for sale, or to sell, exchange, or deliver, or to offer for sale, exchange, or delivery, or to cause or permit to be sold, exchanged, or delivered, or to be offered for sale, exchange, or delivery, or to have in possession for sale, exchange, or delivery therein, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk.

SEC. 4. Such permit shall be good until the same is suspended as provided by this ordinance, or until the holder of such permit changes the location of his place of business, or conveys or otherwise disposes of the business of selling milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk: *Provided, however,* That any person, firm, or corporation who shall purchase any such business, for which a permit shall have been obtained and shall be in force at the time of such sale, may conduct and operate such business under such permit for a period of not more than 30 days from and after the date of such sale, unless such permit is suspended as herein provided, and such purchaser shall, during the said period of 30 days, apply for and obtain a permit in the manner provided by this ordinance: *And provided further,* That if any holder of any such permit shall change or remove the location of his place of business, such holder may continue to conduct and operate such business under such permit for a period of not more than 30 days from and after the date of such change or removal, unless such permit is suspended as herein provided, and such holder shall, during the said period of 30 days, apply for and obtain a permit in the manner provided by this ordinance.

If such new permit is not applied for and obtained in the manner and within the time herein prescribed, such person, firm, or corporation shall be deemed to be conducting and operating such business without a permit from and after the expiration of such period of 30 days.

SEC. 5. All dairies, cows, cow stables, houses, vessels, and vehicles, whether within the city of Los Angeles or not, from which milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk is sold, or offered for sale, or is supplied for the purpose of being sold, within the limits of the said city, and all places and vehicles within the said city in which milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk is sold, kept, carried, or conveyed, shall be subject at all times to inspection by the health officer or by some one deputed by him, or by members of the board of health, or by the inspectors in the health department, and it shall be the duty of all persons owning or having charge of such dairies, cows, cow stables, houses, vessels, or vehicles to allow such inspection, and to allow such dairies, cow stables, houses, vessels, or vehicles to be entered by the health officer or by some one deputed by him, or by members of the board of health, or by the inspectors in the health department, for the purpose of such inspection; and in case the owner or person in charge of a dairy, cow, cow stable, house, vessel, or vehicle without said city, from which milk, cream, buttermilk,

skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk is sold, or is supplied to the holder of a permit for the purpose of being sold within the limits of said city refuses to allow such entry or inspection, then such holder shall, upon notification by the health officer, or some one deputed by him, or an inspector in the health department, immediately discontinue selling or offering for sale any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk furnished or supplied by such owner or person so refusing.

All persons selling or offering for sale milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk within said city, or furnishing or supplying milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, to be sold therein, shall allow samples thereof to be taken by the health officer, or by any person deputed by him, or by the members of the board of health, or by the inspectors in the health department, at any time when demanded.

SEC. 6. It shall be unlawful for any person, firm, or corporation to sell, exchange, or deliver, or to offer for sale, exchange, or delivery, or to cause or permit to be sold, exchanged, or delivered, or to be offered for sale, exchange, or delivery, or to have in possession for sale, exchange, or delivery, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, except in sealed bottles or other sealed receptacles: *Provided, however,* That the provisions of this section shall not apply to any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk sold, exchanged, or delivered, or offered for sale, exchange, or delivery, or had in possession for sale, exchange, or delivery, in any place devoted exclusively to the sale or storage for sale of milk and the products thereof, or devoted exclusively to the sale or storage for sale of eggs, milk, and the products of milk, and shall not apply to milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk sold to be consumed upon the premises wherein or whereon the same is sold.

SEC. 7. It shall be unlawful for any person, firm, or corporation keeping for sale any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk in any store, restaurant, bakery, or other establishment, to fail, refuse, or neglect to keep the same, at all times before the sale thereof, in a clean and well-drained cooler or refrigerator. Such cooler or refrigerator shall be kept tightly closed at all times except when articles are being placed into or taken from the same, and shall be kept in such location and under such conditions as shall be approved by the board of health.

SEC. 8. All wagons or vehicles used in carrying or transporting milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk shall have the name of the owner, the name of the dairy, the number of the wagon license, and the word "milk," or the word "cream," or the words "milk and cream," or the word "buttermilk," or the words "condensed (or evaporated) milk" painted thereon in plain and legible English, in letters or figures not less than 2 inches high; the word or words so painted shall indicate the article or articles carried in such wagon or other vehicle.

SEC. 9. It shall be unlawful for any person, firm, or corporation who uses in his or its business a wagon, cart, or other vehicle to fail, refuse, or neglect to have and keep upon such wagon, cart, or other vehicle a covering of canvas or other material so arranged as to protect securely the contents of such wagon, cart, or other vehicle from dust and the rays of the sun.

SEC. 10. It shall be unlawful for any person, firm, or corporation selling or offering for sale any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, in the city of Los Angeles, or for use or to be used therein, to feed, or to cause or permit to be fed, to his milch cows, or to have in possession with intent to feed to such cows, any garbage, swill, refuse, or other improper, unclean, or unwholesome food.

It shall be unlawful for any person, firm, or corporation to bring or receive, or to cause or permit to be brought or received, into the city of Los Angeles, for sale, or to sell, exchange, or deliver, or to offer for sale, exchange, or delivery, or to cause or permit to be sold, exchanged, or delivered, or to be offered for sale, exchange, or delivery, or to have in possession for sale, exchange, or delivery therein, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, from any cow or cows to which any garbage, swill, refuse, or other improper, unclean, or unwholesome food shall have been fed.

SEC. 11. It shall be unlawful for any person, firm, or corporation to bring or receive or to cause or permit to be brought or received, into the city of Los Angeles, for sale,

or to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery therein any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk produced from cows that are kept in any place where the water, ventilation, food, or surroundings are not wholesome and sufficient for the preservation of the health and safe condition of such cows, and the preservation of the wholesomeness of the milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk produced therefrom.

SEC. 12. It shall be the duty of every person, firm or corporation producing or dealing in milk or cream, to cool or reduce the heat thereof to a temperature of not exceeding 70° F. immediately after the same is milked, and to maintain such milk or cream at or below such temperature at all times prior to the delivery thereof to a consumer or consumers, except during such time as such milk or cream is undergoing the process of pasteurization, condensation, sterilization, or evaporation, and it shall be unlawful for any such person, firm, or corporation to fail, refuse, or neglect so to do.

SEC. 13. The standard of milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, and condensed or evaporated skimmed milk in and for the city of Los Angeles, is hereby defined and prescribed as follows:

Milk is the fresh, clean lacteal secretion obtained by the complete milking of one or more healthy cows, properly fed and kept, excluding such secretion obtained for a period of 20 days before calving and for a period of 8 days after calving, and containing, by weight, not less than 8.5 per cent of milk solids, not fat, and not less than 3.5 per cent of milk fat, and a total of milk solids of not less than 12.5 per cent.

Cream is that portion of milk, rich in milk fat, that rises to the surface of milk on standing, or is separated from milk by centrifugal force, is fresh and clean and contains, by weight, not less than 20 per cent of milk fat, and in the nonfatty portion thereof not less than 8.8 per cent nor more than 9.8 per cent of milk solids.

Buttermilk is the product which remains when butter is removed from milk or cream in the process of churning and contains, by weight, not less than 8 per cent of milk solids.

Skimmed milk is milk from which all or a portion of the milk fat has been removed and which contains, by weight, in the nonfatty portion thereof, not less than 8.8 per cent of milk solids.

Pasteurized milk is milk that has been heated above 145° F., and maintained at or above such temperature for not less than 20 minutes, and immediately cooled to 70° F. or lower, and maintained at or below 70° F. at all times prior to delivery thereof to a consumer or consumers.

Condensed or evaporated milk shall contain, by weight, not less than 7.7 per cent of milk fat, and a total of milk solids of not less than 28 per cent.

Condensed or evaporated skimmed milk shall contain, by weight, not less than 18 per cent of milk solids.

It shall be unlawful for any person, firm or corporation to bring or receive, or to cause or permit to be brought or received, into the city of Los Angeles, for sale, or to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery therein, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, that does not conform to the standard hereinbefore defined and prescribed therefor.

SEC. 14. It shall be unlawful for any person, firm, or corporation to place, or to cause or permit to be placed, any water or any foreign substance of any kind in any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk.

It shall be unlawful for any person, firm, or corporation to bring or receive, or to cause or permit to be brought, or received, into the city of Los Angeles, for sale, or to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery therein, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, into which any water or any foreign substance of any kind shall have been placed.

For the purposes of this section condensed or evaporated milk, and condensed or evaporated skimmed milk shall be deemed to be foreign substance if the same, or either thereof, shall be placed in milk or cream.

That any person, firm or corporation violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable as follows:

For the first offense, by a fine of not less than \$10 nor more than \$200, or by imprisonment in the city jail for a period of not more than 50 days, or by both such fine and imprisonment.

For the second offense, by a fine of not less than \$50 nor more than \$400, or by imprisonment in the city jail for a period of not less than 5 days nor more than 100 days, or by both such fine and imprisonment.

For the third or any subsequent offense, by a fine of not less than \$100 nor more than \$500, or by imprisonment in the city jail for a period of not less than 25 days, nor more than 6 months, or by both such fine and imprisonment.

SEC. 15. It shall be unlawful for any person, firm, or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery, any skimmed milk, unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least 1 inch in height the word "skim" or the words "skimmed milk."

SEC. 16. It shall be unlawful for any person to bottle or to place in a jar, can or other receptacle, or to cause to be bottled or placed in a jar, can or other receptacle, any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, while such person is upon, at or near the delivery wagon, or at any other place than the milk house.

SEC. 17. It shall be unlawful for any person to whom any milk or cream is delivered to fail or neglect, immediately after emptying the receptacle in which such milk or cream shall have been delivered, to rinse or cause to be rinsed thoroughly such receptacle so as to free the same from all remnants of milk or cream.

SEC. 18. It shall be unlawful for any person to place, or to cause or permit to be placed, into any receptacle that is commonly used for the reception, storage or delivery of milk or cream for sale, any filthy or offensive substance, or any refuse matter of any kind, or to use, or to cause or permit to be used, any such receptacle for cooking or heating milk or cream or any other substance.

SEC. 19. It shall be unlawful for any person, firm, or corporation to bring or receive, or to cause or permit to be brought or received, into the city of Los Angeles, for sale, or to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery therein, any condensed, evaporated, pasteurized, sterilized or heated milk or cream, or any milk or cream that shall have been subjected to heat in any manner, unless the receptacle in which the same is contained bears a label stating that the same has been condensed, evaporated, pasteurized, sterilized, or heated, as the case may be.

SEC. 20. The existence in the city of Los Angeles of any adulterated, foul, or unclean milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, or of any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, that does not conform to the standard hereinbefore defined and prescribed therefor, or that is above the temperature hereinbefore prescribed, is hereby declared to be a nuisance, and the same is ordered to be abated accordingly. The health officer, the inspectors employed in the health department, and all other officers or employees of the city of Los Angeles charged with the inspection of milk, are hereby authorized and required to condemn such milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, immediately upon discovering that the same does not conform to the standard or that the same is above the temperature prescribed in this ordinance, and to destroy the same, or, instead of destroying the same, to introduce therein a substance that will make it evident that the same has been condemned and that will prevent the sale or use of the same as milk, cream, buttermilk, skimmed milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, as the case may be; provided, however, that the provisions of this section shall not apply to skimmed milk when labeled as such, as required by the provisions of this ordinance, if the same is not below the standard herein prescribed therefor.

SEC. 21. It shall be unlawful for any person, firm, or corporation to use, or to cause or permit to be used, any bottle, can, or other vessel or utensil for the purpose of handling, storing, selling, delivering, or distributing milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk therein, unless, immediately prior to such use, such bottle, can, or vessel shall have been washed clean in warm water, with soda or soap, and thoroughly

sterilized by boiling or steaming by means of an appliance or plant used exclusively for that purpose. Such appliance or plant shall be open at all times to the inspection of the health officer, or any inspector employed in the health department, and it shall be unlawful for any person, firm, or corporation to prevent, or to attempt to prevent, the health officer or any such inspector from inspecting any such appliance or plant or any portion thereof or to interfere in any manner with such inspection.

SEC. 22. It shall be unlawful for any person to serve any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, in bottles, to any dwelling in which any person is ill with any contagious, infectious, or communicable disease, or to any dwelling on which there is a placard or notice stating or indicating that any person therein is ill with any contagious, infectious, or communicable disease until after such placard shall have been removed by the proper officer.

It shall be unlawful for any person to remove from any such dwelling any bottle or receptacle which shall have been or is to be used for the purpose of receiving, storing, or delivering milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, or into which any milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk shall have been or is to be placed, or which is commonly used for the reception, storage, or delivery of milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk.

SEC. 23. It shall be unlawful for any person affected with any contagious, infectious, or communicable disease, or who shall have been knowingly exposed to any such disease within a period of 10 days, to handle, transport, deliver, mix, work over, or distribute milk, cream, buttermilk, skimmed milk, pasteurized milk, condensed or evaporated milk, or condensed or evaporated skimmed milk, or to serve as a milker or milkman.

SEC. 24. It shall be unlawful for any person, firm, or corporation to use, or to cause or permit to be used, any bottle, can, or other vessel in the sale, distribution, or delivery of milk or cream which shall have been handled by any person affected with any contagious, infectious, or communicable disease, unless such bottle, can, or other vessel shall have been cleaned and sterilized as hereinbefore provided.

SEC. 25. It shall be the duty of every person, firm, or corporation owning, conducting, carrying on, or operating any dairy or milk house, or any place where milk is stored or is kept for sale, to post and keep posted therein at all times a copy of this ordinance.

SEC. 26. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable, unless otherwise provided by this ordinance, by a fine of not less than \$5 nor more than \$500, or by imprisonment in the city jail for a period of not more than six months, or by both such fine and imprisonment.

Each such person, firm, or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of any provision of this ordinance is committed, continued, or permitted by such person, firm, or corporation, and shall be punishable therefor as provided by this ordinance.

SEC. 27. That ordinance No. 17193 (new series), entitled "An ordinance regulating the sale of milk, cream, buttermilk, condensed or evaporated milk or cream, in the city of Los Angeles, and providing for the inspection of milk, cream, buttermilk, condensed or evaporated milk or cream, dairies, cows, cow stables, milk houses, milk vessels and vehicles," approved September 30, 1908, and all ordinances amendatory thereto or thereof, and all other ordinances in conflict with this ordinance be and the same are hereby repealed: *Provided*, That any such repeal shall not affect or prevent the prosecution and punishment of any person, firm, or corporation for any act done or permitted in violation of any ordinance which may be repealed by this ordinance, and shall not affect any prosecution or action which may be pending in any court for the violation of any ordinance repealed by this ordinance. [Ordinance adopted July 12, 1910.]

PORTLAND, OREG.

MILK—PRODUCTION, CARE, AND SALE.

SECTION 1. It shall be unlawful for any person to sell, dispose of, or to offer or keep for sale as human food, any milk within the city of Portland without first obtaining a license therefor in accordance with the provisions of this ordinance.

SEC. 2. Any person desiring a license pursuant to this ordinance shall first make a written application therefor to the board of health, stating the following facts:

- (a) The name and place of residence or business of the applicant.
- (b) Whether said applicant is a producer of milk.

- (c) The exact location of the dairy and herd which produces the milk.
- (d) The number of cows in each dairy herd.
- (e) If the applicant is not a producer of milk, the name of each person from whom he obtains or is about to obtain milk, the location of each dairy and the number of cows in each herd from which the milk is obtained.
- (f) That the applicant will permit the board of health or the dairy and milk inspectors of the city of Portland, prior to the issuance of a license, to inspect in accordance with this ordinance his dairy and herd, and that he will permit such inspection at any time thereafter. If the applicant is not a producer of milk, or if he sells or is about to sell milk not produced by his own cows, his application must be accompanied by a written statement from the owner of each dairy or herd where such milk is produced to the effect that such owner will consent to an inspection by the board of health or the dairy and milk inspectors of the city of Portland, prior to the issuance of any license for the sale of milk in the city of Portland from such herd or dairy, and that he will permit such inspection to be made at any time thereafter.
- (g) If the dairy or herd of the applicant, or the dairy or herd from which he obtains or is about to obtain milk for sale in the city of Portland, shall have been inspected by an inspector employed by or under the authority of the State of Oregon, or of the State wherein such milk is produced, or of the United States, or by an inspector working under the direction of or in cooperation with the board of health of the city of Portland, the applicant should state that fact in his application.

SEC. 3. Upon the filing of such application, the board of health shall cause the dairy and herd of the applicant or the person from whom he obtains his milk, to be thoroughly inspected to ascertain if the same conforms in all respects to the provisions of this ordinance. Said inspection shall include the "tuberculin test" as a diagnostic agency for the detection of tuberculosis in such animals. If upon such inspection it be found that such herd is free from tuberculosis and free from all other contagious or infectious diseases, and that the cows are fed, housed, and cared for, and that such dairy is maintained and operated and the milk therefrom is handled, transported, sold, and delivered in the city of Portland in a clean and sanitary way, and all in accordance with the provisions of this ordinance, the board of health shall issue to such applicant a certificate of inspection, and no such certificate and no license shall issue to any applicant until such inspection shall have been made: *Provided*, That if it shall appear from the application, and satisfactory proof thereof shall be furnished to the board of health that such dairy and dairy herd have been inspected within one year prior to the date of such application by any of the inspectors mentioned in subdivision (g) of section 2 of this ordinance, and it shall appear to the board of health that such test was coextensive with the tests and inspections required by this ordinance and that such dairy and herd were found upon such inspection to be in a condition conforming to the provisions of this ordinance, then, in such event, the board of health may adopt such inspection in lieu of the initial inspection required by this section, and may issue a certificate to such applicant as above set forth.

SEC. 4. If upon making the inspection herein provided for, any cows in any such herd be found to have any contagious or infectious disease, the inspector shall place a permanent metal tag upon the right ear of such animal, and in all doubtful cases shall place a similar tag on the left ear. If the dairy or herd are not found upon such inspection to conform in all respects to this ordinance, no certificate or license shall issue to such applicant until such dairy has been made to so conform, nor until all cows and animals affected with disease have been removed from the dairy and herd and the dairy disinfected under the supervision of the board of health. No certificate or license shall issue to any applicant who refuses to permit his dairy or herd to be inspected as herein provided, nor shall any applicant receive a license who sells or is about to sell milk in the city of Portland from any dairy or herd, wherever situated, the owner of which refuses to permit such dairy or herd to be inspected as herein provided.

SEC. 5. Upon the receipt of the certificate of inspection provided for by sections 3 and 4 of this ordinance, the applicant shall pay to the treasurer of the city of Portland the annual license fee provided for by section 7 of this ordinance. The applicant shall then present to the auditor of the city of Portland his certificate of inspection, together with his receipt from the treasurer, and the auditor shall then issue a license to sell milk in the city of Portland for the unexpired period of the then current year. Each license shall be numbered. The auditor shall also furnish to the applicant a license tag, if for a wagon, cart, or can, setting forth the license number and the date of the expiration of the said license in conspicuous letters and figures the same to be placed in a conspicuous place on the side of each carriage, wagon, or other vehicle or can used by him in the sale or distribution of milk within the city of Portland, and all licensees who shall sell milk from stores or shops, or milk depots, shall keep their licenses constantly posted in a conspicuous place upon the wall of the room within which such sale of milk is carried on.

Sec. 6. Each license issued under the provisions of this ordinance shall be issued upon the condition that each person so licensed, as well as the person from whom he obtains his milk, shall at all times permit the board of health of the city of Portland, or the dairy and milk inspectors thereof or other proper agents authorized by or cooperating with said board, to thoroughly inspect, in accordance with this ordinance, any dairy or herd from which milk is obtained for sale or consumption within the city of Portland. If any licensee, under this ordinance, shall at any time refuse to permit an inspection of his dairy or herd, as herein provided for, his license shall be revoked by the board of health. If any licensee shall sell milk in the city of Portland from any dairy or herd, the owner of which shall have refused to permit an inspection of his dairy as herein provided for, the license of such licensee shall be revoked by the board of health.

Any license issued under this ordinance may also be revoked for any failure or refusal of the licensee, or person from whom he obtains his milk, to comply with this ordinance, or the laws of the United States, or of the State wherein the milk is produced.

Sec. 7. The license fees for the sale or disposal of milk or cream in the city of Portland shall be as follows:

For selling or delivering milk or cream in the city of Portland, from each wagon, \$2.50 per annum.

For selling or delivering milk from each cart pushed by hand, 50 cents per annum.

For selling or delivering milk or cream from a can carried in hand, 50 cents per annum.

For creameries and milk depots, \$5 per annum.

For stores, houses, bakeries, and delicatessen, and other places from which milk or cream is sold in limited quantities, \$1 per annum.

Such license shall expire on the 1st day of December next ensuing the issuance thereof, and no license shall be issued for less than one year, except to a person commencing business, in which case the license shall be issued to the 1st day of December next ensuing: *Provided*, That the full amount of the annual license fee must be paid for any license issued under the provisions of this ordinance.

Sec. 8. No person who has in good faith filed a proper application as herein provided shall be prosecuted upon the charge of selling milk in the city of Portland without a license, pending action on such application by the board of health, but in all other respects such applicant shall during such time and at all times comply with this ordinance and all of the rules and regulations thereof, and it shall be unlawful for such applicant or any person to sell or have for sale in the city of Portland milk produced by tubercular or otherwise diseased cows, or any unwholesome milk, or to violate this ordinance in any way.

Sec. 9. The board of health is hereby authorized to employ one or more competent persons, not exceeding six, who shall be known as dairy and milk inspectors, and whose duty it shall be, under the supervision and direction of the board of health, to see that the provisions of this ordinance are enforced. The salary of each such dairy and milk inspector shall be the sum of \$125 per month, payable monthly out of the general fund. In addition to the foregoing employees, the board of health may appoint other competent dairy and milk inspectors, when required, to serve without pay.

Sec. 10. It shall be the duty of the board of health, and the inspectors employed by and under the direction of, or cooperating with the board of health, to inspect in accordance with this ordinance all dairies and herds in the city of Portland, and all dairies and herds outside of the city of Portland from which milk is produced for sale or delivery within the city of Portland, and to see that such dairies and herds and the handling and sale of milk therefrom conform to this ordinance. An initial inspection shall be made upon each application for a license, as provided by sections 3 and 4 of this ordinance, and thereafter twice each year without any previous notice to the owner of such dairy or herd. Additional inspections shall be made whenever there is reason to believe that this ordinance is being violated. The tubercular test shall be applied once each year to each animal producing milk to be disposed of for human food in the city of Portland. The places and things to be inspected by said officers shall include all dairies and dairy herds and all milk produced therefrom, and all barns, stables, cow yards, creameries, stores, railroad cars, delivery wagons, and all places and implements and utensils through, by, or from which milk is furnished to the city of Portland and its inhabitants, and for the purpose of making such inspection said board of health or its authorized inspectors or agents shall have the right to enter and inspect any place where milk or cream is stored or kept for sale, and said board of health or its authorized inspectors are hereby authorized to open any can or vessel containing milk or cream and take a sample therefrom not to exceed 1 quart for the purpose

of testing or analyzing the same, and in case such sample shall be proved upon such examination to be held with intent to sell in violation of any of the provisions of this ordinance, said board of health shall cause to be revoked the license held by such person: *And provided*, That such officer shall, at the time of taking such sample, also deliver a like sample of the milk or cream in a bottle duly sealed by said officer to the person having custody of such milk or cream at the time the sample is taken, and no prosecution shall be instituted for violation of this ordinance based upon such sample taken by said officer, unless such duplicate sample shall have been furnished by said officer.

SEC. 11. It shall be unlawful for any person engaged in the sale or disposal of milk or cream in the city of Portland to change the source of supply of said milk or cream, or any part thereof, without first sending a written notice to the board of health, stating the names of the persons supplying such milk or cream and the location of the dairies from which the same is procured, and the number of cows in the dairy herds. If such new source of supply shall not have been already examined and inspected as required by this ordinance, it shall be unlawful to sell milk therefrom in the city of Portland until such inspection shall have been made and until the same is made to comply with this ordinance. If any new cow is added to any herd from which milk is supplied in the city of Portland, it shall be so inspected before its milk is sold or placed upon the market in the city of Portland.

SEC. 12. It shall be unlawful for any person to sell in the city of Portland, or to ship or bring into said city for sale as human food, any unclean, impure, infected, unwholesome, watered, adulterated, or chemically preserved milk, or any milk produced under unsanitary conditions about the barnyard, or drawn in overcrowded, unventilated stables, or stables which are filthy from the accumulation of animal refuse, or which are unsanitary from any other cause; or any milk prepared for market in dark, unclean, unventilated milk rooms, or collected or conveyed in unclean, unsanitary utensils or vehicles; or milk exposed to pollution, or infected by flies, or infected in any other way; or any milk drawn from sick or diseased cows with filthy udders, or from cows within 30 days before or 6 days after parturition; or any milk handled in any way by sick, unclean, or diseased persons, or persons having recently been exposed to any infectious or contagious disease; or any milk drawn from cows fed upon garbage or slops from distilleries, breweries, vinegar factories, or any similar slops, mash, or food that has been subject to fermentation or putrefaction. Nothing herein contained shall prevent the feeding of fresh malt or silo food.

SEC. 13. All cows from which milk is sold in the city of Portland shall be comfortably sheltered or housed in buildings with tight walls and ceilings and with tight, sound floors and proper gutters. For the admission of light there shall be not less than 2 square feet of glass for each cow or other animal, with such sources of light evenly distributed. Such buildings shall be well ventilated, but free from drafts, having not less than 500 cubic feet of air space for each cow. All stables in which cows are kept shall be supplied with an abundance of dry, clean bedding of straw or similar material. The cows shall be well fed with clean, wholesome food and have an abundance of clean, fresh water accessible. All stables shall be clean, well drained, and free from all filth and contaminating surroundings, and manure shall not be allowed to accumulate in such stables. The barnyard and places where the cows are allowed to be shall be well drained and free from filth, standing liquid manure. All manure shall be removed daily to a field or proper pit at least 50 feet away from such stables and yards. Cows shall at all times be kept clean, and just before milking shall be brushed on and around the udder and under and on the side of the cow, to remove loose hair or other particles that may have accumulated. The udders shall be washed and dried at least 15 minutes before milking, and the hands of the milker shall be clean and dry. The air in the stable at the time of milking shall be free from dust, foul air, and obnoxious or unwholesome odors.

SEC. 14. Milk which is to be sold or delivered in the city of Portland shall, immediately upon being drawn from the cow, be removed from the stable to a light, well-ventilated room which shall be screened from flies and which shall be separate and apart from said stable, and said milk shall be cooled to a temperature below 50° F.; and any milk reaching a temperature above 60° F. shall, for the purposes of this ordinance, be declared unwholesome and unsalable as fresh milk.

SEC. 15. All utensils used for the collection or transportation of milk or cream shall, before being used, be thoroughly washed and then sterilized with boiling water or live steam. Any milk or cream collected or transported in utensils not treated and cared for as above provided shall, for the purposes of this ordinance, be declared unwholesome and unsalable as fresh milk or cream. All vessels or utensils used for shipping milk or cream to the city of Portland from points outside of the city shall be securely sealed.

SEC. 16. No milk or cream offered for sale in the city of Portland shall be drawn or placed in bottles except on the premises on which said milk is produced, or on the premises of the retailer or wholesaler, in which case it must be handled in a cleanly and sanitary manner satisfactory to the board of health, and protected from pollution of every kind; and any milk bottled while being transported shall, for the purposes of this ordinance, be declared unwholesome and unsalable as fresh milk.

SEC. 17. No milk or cream shall be delivered in bottles which are to be returned to the dealer, at any house under quarantine or at any house where such dealer has been given notice that tuberculosis or other contagious disease exists.

SEC. 18. That there be, and hereby is, established the following standard of normal milk, and normal milk is hereby defined to be milk containing not less than 3.2 per cent of butter fat, and not less than 8.5 per cent of milk solids other than butter fat, and having a specific gravity of not less than 1.029 or more than 1.034, and an average amount of cream of not less than 8 per cent of the volume, and free from dirt, pus, blood cells, and disease germs. Milk or cream containing more than 200,000 bacteria to the cubic centimeter shall, for the purposes of this ordinance, be declared unwholesome and unsalable as fresh milk or cream. All cream shall contain not less than 20 per cent of the fatty portions of pure milk which rise to the surface when milk is left at rest, or is separated by other means.

SEC. 19. No person shall sell, deliver or expose or hold for sale, in the city of Portland, or ship or bring into the city of Portland for sale as human food, any milk from which the cream or any part thereof has been removed, unless the same shall be contained in cans labeled in red letters or red labels not less than 2 inches high "Skimmed milk," and unless the same is represented to be and is sold as skimmed milk. All hotels and restaurants in the city of Portland serving skimmed milk shall have displayed a sign or placard in a conspicuous place with the words "Skimmed milk" in letters not less than 3 inches in height thereon; the said sign or placard shall be so placed where the same can be seen from all parts of the dining room or rooms, and shall have the same listed "Skimmed milk" on the bill of fare.

SEC. 20. The board of health shall keep a record of all certificates of inspection granted for the sale of milk in said city and shall keep such records in a systematic manner and available for the inspection of the public.

SEC. 21. At the end of each month a report of all inspections made during that month shall be submitted by each inspector, in writing, to the board of health. The scoring system recommended by the United States Bureau of Animal Industry shall be utilized and used in the inspection of all dairies, and the detailed score of each dairy inspected shall be submitted with aforesaid report. If for two successive inspections, providing said inspections shall be made not less than one month apart, a total score of 60 points out of a possible 100 as provided for by the scoring system of the United States Bureau of Animal Industry shall not be made, the board of health shall notify the licensee that his license will be revoked if upon further investigation the dairy shall be found unsanitary. A statement of the score of each licensee shall be published on the 10th day of each month in the city official newspaper.

SEC. 22. The board of health of the city of Portland is hereby authorized and empowered to, from time to time, formulate such rules and regulations, not inconsistent with the provisions of this ordinance, and necessary to secure a standard of milk required by the provisions of this ordinance; and it shall be unlawful for any person to fail, neglect, or refuse to comply with such rules and regulations, and the council may revoke any permits or licenses issued, upon recommendation of said board.

SEC. 23. The word "person" whenever used in this ordinance shall be taken to mean and include natural persons of either sex, copartnership, corporations and associations of persons, whether acting by themselves, or by any servant or agent or employee; the singular number shall include the plural and the masculine pronoun shall include the feminine and neuter. Whenever the word "sell" or any of the forms of that word are used in this ordinance, it shall mean and include the delivery, giving away, or otherwise disposing of the article mentioned, and also the keeping and exposing for sale or the placing upon the market of such article for human food. The word "milk," unless otherwise expressly stated, shall mean and include milk, cream, and any liquid derivative of milk.

SEC. 24. When any milk sold or kept for sale in the city of Portland is found upon inspection or otherwise to be in a condition or of a quality prohibited by this ordinance, or produced or handled in violation of this ordinance, the board of health, after giving the owner an opportunity to be heard in defense of his property, may cause the same to be destroyed or disposed of otherwise than as human food.

SEC. 25. Any person who violates any of the provisions of this ordinance shall, upon conviction thereof in the municipal court, be punished by a fine of not more than \$500 or by imprisonment in the city jail not exceeding six months, or by both such

fine and imprisonment in the discretion of the court. In prosecutions under this ordinance it shall not be necessary to prove guilty knowledge or criminal intent.

SEC. 26. That ordinances Nos. 20426, 20550, and 19090 of the city of Portland be, and the same are hereby, repealed: *Provided*, That this repeal shall not annul, suspend, or affect in any way proceedings now pending in any court under the foregoing ordinances or any one of them.

SEC. 27. Inasmuch as this ordinance is necessary for the immediate preservation of the public health, peace, and safety of the city of Portland and the inhabitants thereof in this: That present ordinances regulating the supply of milk to the inhabitants of the city of Portland are insufficient and inadequate; therefore an emergency is hereby declared, and this ordinance shall go into force and effect from and after its approval by the mayor. [Ordinance adopted January 11, 1911.]

PLAGUE-PREVENTION WORK.

PLAGUE-INFECTED GROUND SQUIRREL FOUND IN CALIFORNIA.

During the week ended October 21, 1911, the finding of one plague-infected ground squirrel was reported. The squirrel was found in Alameda County, Cal., October 9, 1911, at E. M. O'Brian ranch, 4 miles east of Fruitvale.

DISTRIBUTION OF POISON.

In connection with the making and maintenance of a squirrel-free zone around the cities of California on San Francisco Bay, 7,405 acres of land in Alameda County were covered with poison during the week ended October 21, 1911.

During the same period 3,960 acres of land in San Joaquin County and 6,410 acres in Stanislaus County were covered with poison for the purpose of eradicating plague foci.

SMALLPOX IN THE UNITED STATES.

In the following tables the States indicated by an asterisk are those from which reports of smallpox are received only from certain city, and in some cases county, boards of health. In these States, therefore, the recorded cases and deaths should not be taken as showing the general prevalence of the disease. In the States not marked by an asterisk the reports are received monthly from the State boards of health and include all cases reported throughout the State.

STATISTICAL REPORTS OF MORBIDITY AND MORTALITY, STATES OF THE UNITED STATES (untabulated).

CALIFORNIA.—Month of June, 1911. Population, 2,377,549. Total number of deaths from all causes 2,604, including diphtheria 7, measles 7, scarlet fever 11, tuberculosis 395, typhoid fever 38. Cases reported: Diphtheria 48, measles 322, scarlet fever 150, smallpox 3, typhoid fever 73.

Month of July, 1911. Total number of deaths from all causes 2,591, including diphtheria 3, measles 11, scarlet fever 4, tubercu-

losis 390, typhoid fever 47. Cases reported: Diphtheria 63, measles 108, scarlet fever 77, smallpox 4, tuberculosis 217, typhoid fever 79.

CONNECTICUT.—Month of September, 1911. Population of reporting towns, 1,124,405. Total number of deaths from all causes 1,270, including diphtheria 22, scarlet fever 7, tuberculosis, pulmonary, 105, typhoid fever 20. Cases reported: Diphtheria 181 in 35 towns, measles 12 in 7 towns, scarlet fever 91 in 23 towns, tuberculosis, pulmonary, 104 in 33 towns, typhoid fever 453 in 58 towns.

FLORIDA.—Week ended September 23, 1911. Reports to the State board of health show diphtheria present in 4 localities with 7 cases, malaria in 4 localities with 16 cases, smallpox in 2 counties with 22 cases, tuberculosis in 4 localities with 9 cases, typhoid fever in 6 localities with 10 cases.

Reports from the State board of health show as follows: Week ended September 30, 1911. Diphtheria was reported in 2 localities with 2 cases, malaria in 3 localities with 9 cases, smallpox in 2 counties with 28 cases, tuberculosis in 4 localities with 7 cases, typhoid fever in 6 localities with 11 cases.

Week ended October 7, 1911. Diphtheria present in 4 localities with 7 cases, malaria in 3 localities with 12 cases, tuberculosis in 7 localities with 12 cases, typhoid fever in 7 localities with 17 cases.

IOWA.—Month of August, 1911. Population 2,224,771. Total number of deaths from all causes 1,668, including diphtheria 9, measles 1, scarlet fever 2, tuberculosis 116, typhoid fever 37.

KANSAS.—Month of August, 1911. Population 1,690,949. Total number of deaths from all causes not reported. The deaths include diphtheria 8, measles 3, scarlet fever 1, smallpox 6, tuberculosis 12, typhoid fever 32. Cases reported: Diphtheria 67, measles 156, scarlet fever 88, smallpox 45, tuberculosis 190, typhoid fever 267.

MICHIGAN.—Month of August, 1911. Population 2,810,173. Total number of deaths from all causes 2,898, including diphtheria 22, measles 5, scarlet fever 10, tuberculosis 173, typhoid fever 50. Cases reported: Diphtheria 156 in 49 localities, measles 42 in 23 localities, scarlet fever 137 in 39 localities, smallpox 22 in 6 localities, tuberculosis 108, typhoid fever 290.

MINNESOTA.—Month of June, 1911. Population 2,075,078. Total number of deaths from all causes 1,463, including diphtheria 16, measles 17, scarlet fever 9, tuberculosis 200, typhoid fever 14.

NEW JERSEY.—Month ended September 10, 1911. Population 2,537,167. Total number of deaths from all causes 3,313, including diphtheria 27, measles 6, scarlet fever 12, tuberculosis 332, typhoid fever 38.

NORTH DAKOTA.—Month of August, 1911. Population 577,056. Total number of deaths from all causes 256, including diphtheria 2, tuberculosis 1, typhoid fever 1. Cases reported: Diphtheria 25,

measles 8, scarlet fever 26, smallpox 6, tuberculosis 12, typhoid fever 18.

OKLAHOMA.—Month of August, 1911. Population 1,657,155. Total number of deaths from all causes 743, including diphtheria 4, scarlet fever 3, tuberculosis 43, typhoid fever 50. Cases reported: Diphtheria 53, scarlet fever 52, smallpox 17, tuberculosis 80, typhoid fever 519.

UTAH.—Month of September, 1911. Population 373,351. Total number of deaths from all causes 289, including diphtheria 8, measles 1, scarlet fever 2, tuberculosis 5, typhoid fever 9. Cases reported: Diphtheria 45, measles 34, scarlet fever 74, smallpox 53, tuberculosis 4 (incomplete), typhoid fever 194.

WISCONSIN.—Three months ended June 30, 1911. Population 2,333,860. Total number of deaths from all causes 6,938, including diphtheria 56, measles 84, scarlet fever 56, tuberculosis 672, typhoid fever 70. Cases reported: Diphtheria 442, measles 1,810, scarlet fever 993, smallpox 129, tuberculosis 307, typhoid fever 212.

FOREIGN AND INSULAR.

BRITISH EAST AFRICA.

Nairobi Declared Free from Plague.

According to information transmitted September 21, by Consul Weddell at Zanzibar the Governor of British East Africa has declared Nairobi free from plague.

CANAL ZONE.

Case of Plague at Quarantine.

According to information received from Chief Sanitary Officer Gorgas, a death from plague occurred at Ancon Hospital October 17. The patient was an American and formerly employed by the Isthmian Canal Commission. He left Guayaquil for Panama October 7. He was detained in quarantine at Panama from October 11 to 13, and admitted to Ancon Hospital October 13.

CUBA.

Transmissible Diseases.

The following statement of transmissible diseases in the island of Cuba was issued by the sanitary department for the month of September, 1911:

Diseases.	New cases.	Deaths.	Remaining under treatment.
Tuberculosis.....	137	208	2,065
Leprosy.....	11	3	353
Malaria.....	135	16	134
Typhoid fever.....	79	17	61
Diphtheria.....	73	16	21
Scarlet fever.....	9	1	4
Measles.....	64	2	54
Varicella.....	6	1	1
Tetanus in new born.....	26	26
Filariasis.....	2
Icterus gravis.....	1	1	1

No quarantinable disease was reported in the island during the week ended October 21, 1911.

GIBRALTAR.

Restrictions Against Leghorn Removed.

According to a notice received from the secretary of the board of health of Gibraltar the restrictions on account of cholera which were imposed at that port against Leghorn July 26 were removed October 2.

HAWAII.

Record of Plague Infection.

The last case of human plague at Honolulu occurred July 12, 1910. The last plague-infected rat was found at Aiea, 9 miles from Honolulu, April 12, 1910.

At Hilo the last case of human plague occurred March 23, 1910.

A fatal case occurred at Honokaa, 60 miles from Hilo, April 20, 1911.

The last plague-infected rat was found at Honokaa February 2, 1911. A plague-infected rat was found at Hilo during the week ended June 10, 1911.

Chief Quarantine Officer Ramus reports, October 9:

Honolulu Plague-Prevention Work.

Week ended October 7, 1911.

Total rats and mongoose taken.....	703
Rats trapped.....	664
Mongoose trapped.....	13
Rats shot from trees.....	26
Examined bacteriologically.....	609
Classification of rats trapped:	
<i>Mus alexandrinus</i>	48
<i>Mus musculus</i>	231
<i>Mus norvegicus</i>	79
<i>Mus rattus</i>	306
Classification of rats shot from trees:	
<i>Mus alexandrinus</i>	10
<i>Mus rattus</i>	16

INDIA.

Calcutta—Cholera and Plague.

Acting Asst. Surg. Allan reports, October 5: During the week ended September 16, 11 deaths from cholera and 6 from plague were reported in Calcutta; in all Bengal, 17 cases of plague with 13 deaths; in all India, 8,758 cases of plague with 5,954 deaths.

MEXICO:

Yellow Fever at Merida.

During the week ended October 29, 5 cases of yellow fever, with 1 death, were officially reported at Merida. The cases occurred on October 26 and 28 and the death on October 28. The total number of cases reported since August 1, when the first case occurred, is 41, with 16 deaths.

MOROCCO.

Reappearance of Plague in Doukala Province.

Chargé d'Affaires Wicker, at Tangier, reports, October 17, the reappearance of plague in the province of Doukala. The province is situated to the east of the seaport towns of Safi and Mazagan.

A report made to the sanitary council of Tangier by the medical commissioner sent to investigate the outbreak shows the disease to be widely diffused throughout the province. The disease attacked the dwellers in tents more severely than those living in huts. In the village of Chouarba the disease was preceded by an invasion of rats into the dwellings. The rats appeared sick and were readily killed. Plague cases appeared within five days after the rat invasion and during the month of September about three deaths from the dis-

ease occurred daily. The origin of the outbreak has not been definitely determined. Plague was reported present in the interior of the province July 13. Importation of the infection by maritime routes appears less probable than importation by caravan from other parts of the interior, where plague foci are known to have been formed in July, 1909. The number of cases which have occurred during the present outbreak in Doukala is not reported, but it is estimated that there have been at least 10,000 deaths from plague and the mortality is stated as having been 50 per cent during the first period of the outbreak and as being at present 90 per cent. Measures to prevent the spread of the disease to the coast towns were put in force September 29.

TURKEY IN ASIA.

Tripoli—Cholera.

Consular Agent Harris reports, October 5 and 13: Cholera is present in this port. To September 29, 14 deaths were reported, and from that date to October 5 about 4 deaths daily. From October 5 to 11, 35 deaths were reported, the mortality being 63 per cent of the cases.

VENEZUELA.

Caracas—Plague and Yellow Fever.

The following information was received from the sanitary board of Caracas:

During the week ended October 7, 3 cases of plague and 4 cases of yellow fever were reported at Caracas.

CHOLERA, YELLOW FEVER, PLAGUE, AND SMALLPOX.

Reports Received During Week Ended Nov. 10, 1911.

[These tables include cases and deaths recorded in reports received by the Surgeon General, Public Health and Marine-Hospital Service, from American consuls through the Department of State, and from other sources.]
